# 42nd European Congress of Cytology

16-19 JUNE 2019 | MALMÖ, SWEDEN

## INVITATION

The Swedish Society of Clinical Cytology (SFKC) has been honoured by the European Federation of Cytology Societies (EFCS) with the privilege of hosting the 42nd European Congress of Cytology. The Congress will be held in Malmö, Sweden, from 16-19th of June 2019.

The scientific program will address certain areas of cytopathology, both traditional as well as challenging innovative aspects such as cervical cancer screening programs, HPV assessment, automation, image analysis, new advances in molecular techniques and targeted therapies, and its application to cytology. At a practical level it will include conferences, symposia, microscopic and non-microscopic workshops, practical and virtual slide seminars and poster presentations dedicated to morphological, clinical, technical and formative aspects in cytopathology and cytotechnology. New disease classifications, reporting guidelines and quality assurance will also be discussed. The program will include several sessions especially addressed to residents/fellows and cytotechnologists.

We look forward to meeting you in Malmö, and to enjoy together this exciting event.

Welcome!

## MALMÖ INFO

Malmö is Sweden's third-largest city joined to Copenhagen in Denmark by the Öresund Bridge. With the Öresund Bridge, the motorway and railway link, it takes only 35 minutes by train from Malmö city center to the center of Copenhagen, Denmark, and 22 minutes to busy international Copenhagen Airport. The venue of the 42nd ECC, Malmömässan, is strategically located in Hyllie, the first train stop in Sweden on the way from the Copenhagen Airport to Malmö City and with excellent access to and from any part of the City.
